Casambi-Bluetooth dimmable (2700 - 3000 - 4000 Kelvin): Light control via app (3-wire power cable).

dim2warm DALI dimmable (1800-3000 Kelvin): For 4- or 5-core power cable (control cable) required!

dim2warm Casambi-Bluetooth dimmable 1800-3000 Kelvin): Light control via app (3-core power cable).

Optional color: See color selection

Special feature: Spotlight can be rotated 365° and swiveled 90

Available accessories: Heat sink: Black as standard. White oxide ceramic coating on request

Product information

Design: Jan Dinnebier & MAWA

Product description

The Wittenberg 4.0 Zoom luminaires extend the well-known MAWA series with a precise solution for variable accent and area lighting. They are perfect for living spaces, offices, galleries, exhibitions and retail, wherever light needs to be used in a targeted manner.

By turning the focusing ring, the beam angle can be continuously adjusted between 20° and 50° - ideal for optimally highlighting objects of different sizes and shapes. This creates an exceptionally wide range of applications, from pinpoint accentuation to uniform room lighting - always with the highest quality of light and energy efficiency.

The light head impresses with a large, well glare-free light emission surface and can be swiveled 90° and rotated 365°, making alignment to the ceiling, wall or object particularly easy and flexible.

The surface is powder-coated in matt white (RAL 9016) or matt black (RAL 9005) as standard. On request, MAWA can produce customized solutions.
