Product description

SIFAS Oxford lounge table - Elegant addition for exclusive outdoor lounges

The **Oxford lounge table from SIFAS**, designed by Christophe Pillet, complements the collection with an architecturally clear and stylish element for modern outdoor areas. With its minimalist design language and balanced proportions, the table blends harmoniously into lounge ensembles on terraces, in gardens or in high-quality contract projects.

The high-quality aluminum construction ensures stability and durability combined with a pleasant lightness. The precise workmanship and understated design underline the timeless character of the Oxford series and make the lounge table a functional and aesthetic focal point of any outdoor lounge.

The table is part of the **SIFAS Oxford collection**, which includes sofas, armchairs, armchairs, dining chairs and matching side and dining tables. Together, they create a harmonious premium outdoor series with French design standards.

about Sifas

Since its founding in the 1950s, Sifas has nurtured, across all its collections, a style that defines the era, a style both timeless and contemporary. The company is enduringly imbued with the revolutionary concept of living that finally brought light into homes, blurring the boundaries between indoors and outdoors and turning the garden into an open-air living area. In 2019, Sifas takes its inspiration from its heartland —the Riviera— and from the region's glory years.
