Design: Christophe Pillet

Product description

SIFAS Oxford dining table - Architectural clarity for stylish outdoor dining areas

The **Oxford dining table from SIFAS**, designed by Christophe Pillet, stands for minimalist design language and superior elegance in outdoor areas. With clean lines and balanced proportions, this outdoor dining table creates a calm, architectural presence on terraces, in gardens or in sophisticated hospitality projects.

The powder-coated aluminum structure combines stability with lightness and is specially designed for long-term outdoor use. The high-quality finish underlines the premium character of the Oxford collection and ensures long-lasting quality.

The dining table is available in two sizes: **230 x 100 cm** for spacious dining situations and **100 x 100 cm** for compact outdoor areas or smaller patios. Both versions enable stylish outdoor dining concepts with harmonious integration into the overall series.

As part of the **SIFAS Oxford collection**, the dining table complements lounge chairs, sofas, armchairs and other tables to create a holistic premium outdoor line with French design standards.

about Sifas

Since its founding in the 1950s, Sifas has nurtured, across all its collections, a style that defines the era, a style both timeless and contemporary. The company is enduringly imbued with the revolutionary concept of living that finally brought light into homes, blurring the boundaries between indoors and outdoors and turning the garden into an open-air living area. In 2019, Sifas takes its inspiration from its heartland —the Riviera— and from the region's glory years.
