Product description

ASTRO outdoor lantern - elegant light for patio, garden & balcony

The ASTRO outdoor lantern combines clear, timeless design with sophisticated functionality for modern outdoor areas. Its linear design and high-quality finish in aluminum or teak blend harmoniously into stylish patios, gardens or pool landscapes and create a pleasant, homely lighting atmosphere in the evening.

The integrated LED lighting with 3000 Kelvin produces a warm, glare-free light - ideal for relaxing hours outdoors, dining on the terrace or as discreet path lighting.

One particular advantage is the flexible power supply:

The light can be charged both via USB-C (incl. charging cable) and via the integrated solar battery - for maximum independence outdoors.

Two lighting modes are also available:

manually controllable or automatic via the integrated twilight sensor, which activates the light automatically when darkness sets in.

Whether in the private garden, on the roof terrace or in the upmarket catering and contract sector - the ASTRO lantern is a stylish and durable lighting solution for sophisticated outdoor concepts.

about Atmospha

ATMOSPHERA is an outdoor design brand and has been a reference point for the international market for over 20 years, dictating style and refinement. It continually searches for innovative solutions, exploring multiple situations, complex markets and different cultures: from the home environment to hospitality spaces, from the world of wellness to the care of public spaces in a professional environment.

Living rooms, contemplative places, dining rooms and workplaces, commercial and public spaces, up to the most intimate corners of houses and their alcoves: a roundup of scenes and atmospheres, rather than objects. Scenes of stories where the protagonists have left traces of their presence, but above all the staging of what they have accomplished in that environment.

From resting under the shade of a tree to concentrated study for hours, from contemplation to refreshment, from solitude to sharing in company.
