

Product information

TECKELLI NIVOLA - Driving Simulator Racing Edition

Art.Nr.: TEK151 / manufacturer: [Teckell](#)

Introductory price

63.490,00 €

Regular retail price 65.450,00-€ (you save 1.960,00 €)

incl. 19% VAT incl. Shipping

Delivery time: 10 to 12 weeks

Product information

The memory of speed

Dimensions / Technical Data:

Dimensions:

Length 191 cm - Width 120 cm - Height 83 cm

Bodywork:

Painted aluminum, 4 mm thick

Seat:

Black leather seat, Made in Italy

Adjustable slide rail system

Steering wheel:

Cube Controls® Astra

Formula configuration with aluminum body and carbon front

Designed for:

Private living spaces and penthouses

Five-star hotel suites

Collector rooms and private lounges

Superyachts

Exclusive hospitality environments

Options & customization:

Teckell® Collector finishes and customized configurations on request

Seat comfort upgrade with genuine leather and technical microfiber, Made in Italy

Integrated dynamic belt system with five-point safety belt and precise tensioning device

Display:

49-inch ultrawide curved display

Resolution 5120 × 1440 - 32:9 aspect ratio - 165 Hz

Optimized for the field of vision of professional racing simulations

Product information

Steering:

Cube Controls® steering system with 18 Nm direct drive
Magnetic quick-change interface
Precision calibrated for professional driving simulation

Driving experience:

WLAN and Bluetooth connectivity
Multiplayer racing in real time
Driver profiles and performance recording

Simulation:

Pre-installed "Assetto Corsa Competizione®"
High-precision physics engine with international race tracks
Regular software updates
Available in various performance levels up to SYSTEM (AERO EDITION)
Ultra-high-performance computing power, haptic feedback and dynamic belt integration

Manufacturing:

Handmade in Italy, individually assembled and serial numbered

Design:

Teckell & R&D & Cristian Visentin

Product description

TECKELL NIVOLA - Racing simulation as a design object

The **NIVOLA racing simulator by TECKELL** combines state-of-the-art simulation technology with the aesthetics of an exceptional design object. Rather than focusing on technical functionality alone, TECKELL brings together sculptural design, premium materials and outstanding craftsmanship, deliberately setting NIVOLA apart from conventional gaming setups.

The shape of NIVOLA draws inspiration from the clean, reduced lines of classic racing cars and toy cars, while also paying tribute to legendary Italian racing driver **Tazio Nuvolari**. Depending on the version, exquisite materials such as walnut wood, aluminium, carbon fibre, leather and microfibre are used. The result is a racing simulator designed not to disappear into its surroundings, but to become a striking piece of furniture and design in its own right.

Technically, NIVOLA delivers a highly immersive driving experience. A curved **49-inch ultrawide monitor**, force-feedback steering wheel, high-quality pedals and integrated audio technology provide the foundation for realistic racing simulations. Pre-installed software such as **Assetto Corsa Competizione** allows drivers to enter the virtual world of motorsport immediately.

The sophisticated **NIVOLA Aero Edition** takes the experience even further. Additional pedal feedback, a vibration system integrated into the seat and a five-point harness make acceleration, braking and road surface effects even more tangible.

TECKELL also conceived NIVOLA as part of a sophisticated interior environment. The racing simulator is designed to integrate visibly into exclusive private residences, penthouses, hotels or yachts without compromising the character of a refined interior.

Each NIVOLA is **handcrafted in Italy and individually numbered**. Production is limited to a maximum of **50 units per year**, making NIVOLA not only an extraordinary racing simulator, but also an exclusive design and collector's piece for enthusiasts of

Product information

motorsport, technology and Italian design.

As an **authorised TECKELL retailer**, we will be pleased to advise you personally on the available NIVOLA versions, materials and technical configurations.

About Teckell

Teckell stands for contemporary luxury lifestyle:

The brand crafts unique, avant-garde design pieces with an innovative approach that allow global customers to appreciate and enjoy the Italian "Dolce Vita".

The unique pieces in Teckell Collections are made entirely in Italy and travel the world to seamlessly integrate into any environment, location, personality or style.

The true core of Teckell lies in its Italian artisan heritage. The brand's Maestri Artigiani give Teckell's artwork the creativity and touch that only a human hand can provide. All designs and details are developed by the company's in-house research and development department. Each piece is realized with state-of-the-art tools and technologies: Innovation and design merge to create works of art to live.

Tested by professionals, certified by luxury experts. Perfection is in the details, in the minimalist approach of clean lines, precise angles and carefully selected exquisite materials such as marble, wood and crystal.
