Product description

THE MEMORY OF SPEED.

Where performance becomes permanence.

The Teckell® Nivola Heritage Edition is created for people who know that extraordinary objects are more than just a presence - they carry time within them.

A sculptural body made of curved, multi-layered Canaletto walnut characterizes its appearance - warm, architectural and with tangible depth. A material that not only shapes, but also develops and gains expression over time.

The five-layer construction lends structure and transforms performance into a timeless interior statement.

Inside, the finest leather is combined with technical microfibre and maximum precision to create a driving experience that is characterized by control, balance and a special calm.

An interplay of tradition and innovation - where material memory meets technological perfection.

About Teckell

Teckell stands for contemporary luxury lifestyle:

The brand crafts unique, avant-garde design pieces with an innovative approach that allow global customers to appreciate and enjoy the Italian "Dolce Vita".

The unique pieces in Teckell Collections are made entirely in Italy and travel the world to seamlessly integrate into any environment, location, personality or style.

The true core of Teckell lies in its Italian artisan heritage. The brand's Maestri Artigiani give Teckell's artwork the creativity and touch that only a human hand can provide. All designs and details are developed by the company's in-house research and development department. Each piece is realized with state-of-the-art tools and technologies: Innovation and design merge to create works of art to live.

Tested by professionals, certified by luxury experts. Perfection is in the details, in the minimalist approach of clean lines, precise angles and carefully selected exquisite materials such as marble, wood and crystal.
