In our online store, we offer a selection of covers that are characterized by their ease of care and suitability for outdoor use. These covers are chosen 90% of the time because they offer an ideal combination of functionality, feel and comfort. You can easily make your selection using the “Vondom cover” feature.

Of course, we can offer you all covers from the Vondom collection on request. These covers, which are not available in our online store, are particularly suitable for use in regions with a predominantly sunny and dry climate or for indoor use. They impress with their particularly luxurious feel, but usually require more maintenance if soiled.

Design: Ramon Esteve

Product description

The Posidonia lights from VONDOM combine Mediterranean inspiration with modern outdoor design and create a warm, atmospheric ambience for patios, gardens, pool areas or lounge zones. Inspired by the iconic Posidonia collection by Ramón Esteve, the lights take up the clear, timeless design language of the series and complement it with a soft, elegant lighting concept.

Made of linear polyethylene in a translucent white finish, the luminaires impress with their weather-resistant, robust and unbreakable structure. The pleasantly diffuse light creates a calm, harmonious effect and stylishly accentuates modern outdoor areas.

The color-selectable base gives the lights an individual touch and enables perfect coordination with existing outdoor furniture and architectural concepts. Whether as a decorative single object or in a combination of several sizes - the Posidonia lights stand for long-lasting quality, Mediterranean elegance and functional design for sophisticated indoor and outdoor areas.
