## à propos d'Atmosphera

---

ATMOSPHERA est une marque liée au monde du design outdoor et, depuis plus de 20 ans, elle est un point de référence pour le marché international, en dictant style et sophistication. Elle est à la recherche continue de solutions innovantes, elle explore les situations multiples, les marchés complexes et les cultures différentes (environnement domestique, espaces d'accueil, monde du bien-être, entretien des espaces publics dans un environnement professionnel.

Salons, séjours, lieux contemplatifs, salles à manger et espaces de travail, commerciaux et publics, jusqu'à ceux plus intimes des maisons et de leurs alcôves : une série de scènes et d'atmosphères, plutôt que d'objets. Des scènes d'histoires où les personnages principaux ont laissé une trace de leur présence, mais surtout la mise en scène de ce qu'ils ont réalisé dans ce milieu. Du repos à l'ombre d'un arbre au studio, concentré pendant des heures, de la contemplation à la restauration, de la solitude au partage en compagnie.
