Description du produit

L’Ocean Master MEGA MAX Classic 6,0 m de TUUCI représente le sommet de la technologie moderne des parasols. Avec une envergure impressionnante de 6 mètres, il fait partie des plus grands parasols haut de gamme au monde et constitue une véritable déclaration architecturale pour tout espace extérieur. Il est destiné aux projets exigeants qui recherchent non seulement de l’ombre fonctionnelle, mais aussi un symbole visible de luxe et d’exclusivité.

Des dimensions impressionnantes

Avec ses 6 mètres d’envergure, le MEGA MAX Classic offre une couverture bien au-delà des standards habituels. Le mât massif de 13,3 cm en aluminium marin avec extrusion à quatre canaux assure une stabilité exceptionnelle. Même avec des vents allant jusqu’à 72 km/h et des rafales jusqu’à 120 km/h, il garantit robustesse et sécurité. Ce niveau de performance fait du MEGA MAX Classic 6,0 m une véritable référence dans le secteur du luxe.

Un design premium dans chaque détail

Le design exclusif Vision Hub en acier inoxydable associe élégance et durabilité maximale. Les baleines renforcées de 5,1 cm de diamètre soutiennent solidement l’immense toile. Chaque détail est conçu pour la longévité – un standard de qualité qui place TUUCI au sommet des parasols de luxe dans le monde.

Confort malgré la taille

Malgré ses dimensions impressionnantes, le MEGA MAX Classic 6,0 m reste simple à utiliser. Le mât télescopique intégré permet une ouverture et une fermeture aisées au-dessus du mobilier. Le système EasyDrive avec manivelle et broche auto-lubrifiante garantit une manipulation fluide, reflétant le niveau premium jusque dans l’utilisation.

Des options luxueuses

En option, le parasol peut être équipé de l’éclairage LED Ambia (réglable, haut et bas) ainsi que de puissants chauffages infrarouges. Il devient ainsi un point fort multifonctionnel de tout espace extérieur, offrant confort et exclusivité à toute heure et en toute saison.

La déclaration ultime

Information sur le produit

L’Ocean Master MEGA MAX Classic 6,0 m est bien plus qu’un parasol – c’est un repère architectural pour les espaces extérieurs où luxe, exclusivité et design au plus haut niveau sont exigés. Seuls quelques projets dans le monde disposent de parasols de cette dimension, ce qui en fait une véritable rareté. Choisir ce modèle, c’est opter pour le summum du prestige et de l’individualité dans l’art de vivre en extérieur.
