Descrizione del prodotto

L'Ocean Master MEGA MAX Classic 6,0 m di TUUCI rappresenta l'apice della tecnologia moderna degli ombrelloni. Con un'imponente apertura di 6 metri, è tra i più grandi ombrelloni premium al mondo e diventa un'affermazione architettonica in qualsiasi spazio esterno. È pensato per progetti di alto livello che cercano non solo ombra funzionale, ma anche un simbolo visibile di lusso ed esclusività.

Dimensioni che impressionano

Con i suoi 6 metri di apertura, il MEGA MAX Classic offre una copertura ben oltre gli standard convenzionali. Il massiccio palo da 13,3 cm in alluminio marino con estrusione a quattro canali garantisce una stabilità eccezionale. Anche con venti fino a 72 km/h e raffiche fino a 120 km/h, dimostra resistenza e sicurezza. Questo livello di robustezza rende il MEGA MAX Classic 6,0 m un vero punto di riferimento nel settore del lusso.

Design premium in ogni dettaglio

Il design esclusivo Vision Hub in acciaio inox combina un'estetica elegante con la massima resistenza. Le stecche rinforzate da 5,1 cm di diametro sostengono in modo sicuro il monumentale telo. Ogni dettaglio è studiato per la massima durata – uno standard di qualità che colloca TUUCI al vertice degli ombrelloni di lusso in tutto il mondo.

Comfort nonostante le dimensioni

Nonostante le dimensioni imponenti, il MEGA MAX Classic 6,0 m è facile da utilizzare. Il palo telescopico integrato consente un'apertura e una chiusura agevoli sopra l'arredo. Il sistema EasyDrive con manovella e meccanismo a vite autolubrificante garantisce un utilizzo fluido, riflettendo lo standard premium anche nell'uso quotidiano.

Opzioni di lusso

In opzione, l'ombrellone può essere dotato di illuminazione LED Ambia dimmerabile (luce verso l'alto e verso il basso) e potenti riscaldatori a infrarossi. Si trasforma così in un punto focale multifunzionale per qualsiasi spazio esterno, offrendo il massimo comfort in ogni stagione.
