Particolarità: 5 anni di garanzia del produttore sulla struttura e 15 anni sul tessuto se si seguono le istruzioni di manutenzione Tuuci

Descrizione del prodotto

L'Ocean Master MEGA MAX Classic 7,3 m di TUUCI rappresenta l'apice assoluto nel settore degli ombrelloni di grande formato. Con un'apertura di 7,3 metri, è tra i più grandi ombrelloni autoportanti premium al mondo e trasforma qualsiasi spazio esterno in un punto focale architettonico. Questo modello è destinato a progetti che richiedono dimensioni massime ed esclusività totale – dalle ampie terrazze degli hotel ai resort fino alle lounge outdoor di rappresentanza.

Dimensioni monumentali con precisione tecnica

L'imponente apertura di 7,3 metri richiede la massima qualità costruttiva e dei materiali. Il robusto palo con diametro di 13,3 cm e estrusione a quattro canali in alluminio marino garantisce stabilità e resistenza anche a questa scala. A causa del suo peso elevato, il MEGA MAX Classic 7,3 m necessita di una base appositamente adattata per garantire sicurezza ed equilibrio.

Robustezza e durata

Come tutti i modelli della serie MEGA MAX, anche la versione da 7,3 m è progettata per condizioni estreme. L'ombrellone resiste a venti fino a 72 km/h e raffiche fino a 120 km/h. Il sistema brevettato Vision Hub in acciaio inox e le stecche rinforzate da 5,1 cm di diametro sostengono in modo affidabile l'enorme copertura. Ogni dettaglio è studiato per massima longevità e minima manutenzione.

Uso confortevole nonostante le dimensioni

Nonostante le dimensioni monumentali, il MEGA MAX Classic 7,3 m rimane comodo da usare. Il palo telescopico integrato consente l'apertura e la chiusura sopra l'arredo esistente. Il solido sistema a manovella EasyDrive con meccanismo a vite autolubrificante assicura un funzionamento fluido, in linea con gli standard premium del modello.

Personalizzazioni disponibili

In opzione, l'ombrellone può essere dotato di illuminazione LED Ambia (uplight e downlight, dimmerabile) e potenti riscaldatori a infrarossi. Così diventa una soluzione multifunzionale che offre comfort e un'atmosfera esclusiva durante tutto il giorno e in ogni stagione.

Esclusività al massimo livello

Informazioni sul prodotto

L’Ocean Master MEGA MAX Classic 7,3 m non è un semplice ombrellone, ma un oggetto di prestigio utilizzato solo in progetti selezionati in tutto il mondo. Le dimensioni straordinarie, il peso e la necessità di basi speciali sottolineano l’unicità di ogni installazione. Scegliere questo modello significa optare non solo per l’ombrellone TUUCI più grande, ma anche per un simbolo di lusso, forza e individualità nell’outdoor living.
