Descrizione del prodotto

UHLMANN Tipo TX - ombrellone rotondo Ø 7 m - antivento e rinforzato

L'UHLMANN Type TX Ø 7 m è un capolavoro della tecnologia tedesca degli ombrelloni, sviluppato per le massime esigenze delle aree esterne professionali. Con le sue dimensioni impressionanti e la sua struttura massicciamente rinforzata, è uno degli ombrelloni più potenti della sua categoria. Questo ombrellone non offre solo ombra, ma anche sicurezza, stabilità ed eleganza, anche in condizioni di vento estreme.

Informazioni sul prodotto

Il palo rinforzato da 110 mm di diametro e la robusta struttura in alluminio con montanti del tetto extra resistenti fanno del TX un vero e proprio **ombrellone da vento forte**. È stato sviluppato appositamente per l'ombreggiatura su larga scala di hotel, strutture di ristorazione, resort e location per eventi, dove l'affidabilità e la durata sono priorità assolute. Testato nella galleria del vento, il TX rimane assolutamente stabile anche con raffiche di oltre 100 km/h.

I componenti in alluminio verniciato a polvere sono resistenti alla corrosione, agli agenti atmosferici e richiedono poca manutenzione: l'ideale per un uso prolungato all'aperto. Grazie alla sua meccanica precisa, il grande parasole può essere azionato senza problemi con la manovella o il perno della manovella, nonostante le sue enormi dimensioni. Sono disponibili optional come l'illuminazione a LED integrata, i riscaldatori radianti o il design personalizzato dei colori.

La copertura Sunacryl® del TX è realizzata in tessuto acrilico di alta qualità, tinto in massa. È resistente ai raggi UV, all'acqua e allo sporco e mantiene la sua intensità cromatica per anni, anche in presenza di luce solare intensa o nelle regioni costiere. Ciò significa che il parasole non è solo funzionale, ma anche un punto di forza visivo.

UHLMANN produce il **parasole TX Ø 7 m** su richiesta come **parasole su misura** - adattato ai requisiti architettonici, ai concetti di colore e ai luoghi. Che si tratti di spaziose terrazze di hotel, piazze pubbliche o lussuosi giardini pensili, questo parasole stabilisce standard di design, stabilità e perfezione tecnica.

UHLMANN Tipo TX Ø 7 m - il parasole di grandi dimensioni rinforzato per esigenze professionali. Resistente al vento, durevole, personalizzabile e prodotto in Germania.
